

KEY INVESTOR INFORMATION

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Aegon Sustainable Equity fund

a sub-fund of Aegon Asset Management UK ICVC

Sterling Class B - Accumulation shares (ISIN: GB0007274516)

This fund is managed by Aegon Asset Management UK plc (the authorised corporate director ("ACD")).

Objectives and investment policy

Objective: to provide a combination of income and capital growth over any 7 year period.

Policy: The Fund will be invested in concentrated portfolio (typically 35-45 stocks) consisting of equities of companies which may be listed, quoted or traded anywhere in the world and denominated in any currency which meet the Fund's predefined sustainability criteria.

The Fund is actively managed and can invest in companies of any market capitalization (small, medium or large) and in any industry sector although will tend to have a bias towards small-medium companies. At any one time, the scope of investment may be themed by geography, industry, size or style to take advantage of opportunities identified by the ACD.

The ACD places emphasis on growth-oriented companies with low debt and high returns on invested capital.

All of the Fund's equity investments are subject to the ACD's sustainability criteria relevant to this asset class. The ACD will, firstly, apply an exclusionary screen to exclude investments which the ACD considers have a negative impact on society and/or the environment.

The ACD then, through applying a detailed sustainability analysis, focusses on the equities of companies which are aligned with, or expected to contribute to the key sustainability characteristics considered as part of the ACD's sustainability analysis.

The ACD will use a combination of external third party research and internal analysis in the application of its sustainability criteria.

To the extent that the Fund is not fully invested in the main asset class listed above, the Fund may also invest in other transferable securities, collective investment schemes (up to 10% of Net Asset Value and which may include schemes managed by the ACD or its affiliates), money market instruments, deposits and cash and near cash. It is intended that investment in any other collective investment schemes will be predominately in approved money market instruments.

Derivatives can be used by the Fund for efficient portfolio management (including hedging to reduce currency risk).

Non-Sterling exposure will typically not be hedged back to Sterling.

Further details as to how the ACD approaches the Fund's sustainability criteria can be found in the Document Section of the website at www.aegonam.com under the section Responsible Investing.

Other information

You can buy, sell or exchange the Fund's shares on any business day (see 'Dealing Day' in the Prospectus Definitions for more information).

Income the Fund receives will be reinvested and automatically reflected in the value of your shares.

The Fund is not managed in reference to any index or benchmark

It is expected that the Fund will be held as part of a diversified portfolio which may include other assets such as bonds, equities, property and cash.

Risk and reward profile

The risk/reward profile shows the risk of investing in the Fund, based on the rate at which its value has changed in the past. This Fund has the above risk/reward rating because share prices can change quickly and unpredictably, for example due to political or economic events and also changes in exchange rates. Funds in category 6 have in the past shown relatively high volatility. With a fund of category 6, you have a relatively high risk of losing money but your chance for gains is also relatively high.

The Fund's category is not guaranteed and may change over time. It is calculated using historical data, which may not be a reliable indication for the future. Category 1 does not mean 'risk free'.

The following risks which are not, or are not fully, reflected in the risk/reward profile are also relevant to the Fund:

Liquidity: The Fund's value may fall if shares, especially those of smaller companies and companies in emerging markets, become more difficult to trade or value due to market conditions or lack of supply and demand.

Other markets: The Fund may invest in countries which have less developed political, economic and legal systems and which provide fewer

investor protections. Difficulties in buying, selling, safekeeping or valuing investments in such countries may reduce the value of the Fund.

Concentration Risk: Holding a limited number of underlying investments means a change in the value of any one investment has more impact on the Fund's value. This increases potential gain but also potential loss.

Equity Risk: The fund's equity allocation will likely be more volatile than its other assets and their value may fluctuate quite dramatically in response to the activities and results of individual companies, as well as wider market and economic conditions.

Foreign Exchange Risk: The Fund's portfolio of investments may be denominated in a range of currencies which differ from the Fund's base currency. Fluctuations in these currencies may increase the risk of losses to the Fund where hedging is not used or is incomplete or unsuccessful.

ESG Risk: Applying ESG factors to the investment analysis may impact the investment decision for securities of certain issuers and therefore the Fund may forgo some market opportunities available to funds that do not use ESG factors. Securities of issuers with ESG practices may shift into and out of favor depending on market and economic conditions, and the Fund's performance may at times be better or worse than the performance of funds that do not use ESG factors.

Full details of risks are disclosed in the section 'Risk Factors' in the Prospectus.

Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	None
Exit charge	None

This is the maximum that might be taken out of your money before it is invested / before the proceeds of your investment are paid out.

Charges taken from the Fund over a year

Ongoing charges	0.79%
-----------------	-------

Charges taken from the Fund under certain specific conditions

Performance fee	None
-----------------	------

The entry and exit charges shown are the maximum figures, and in some cases you may pay less. You can find out specific charges which apply to your investment by contacting your financial adviser, distributor, or by contacting us using the details given in the Practical Information section.

The ongoing charge is based on expenses for the year to 31 December 2024. This figure may vary from year to year. It excludes any portfolio transaction costs (except in the case of an entry/exit charge paid by the Fund when buying and selling shares in another fund).

Switches or Conversion: 1st 4 in any calendar year are free, and subject to a charge of 1.5% on each transaction thereafter.

More detailed information on charges can be found in the 'Fees and Expenses' section of the Prospectus.

Past performance

■ Sterling Class B (GB0007274516)

Past performance is not a guide to future performance.

Fund launch date: 30 October 1987

Share class launch date: 30 October 1987

Performance is calculated in GBP.

The past performance calculation does not take into account the entry and exit charges but does take into account the ongoing charge, as shown in the 'Charges' section.

Note: On 1st June 2021 the name of the Fund changed from Aegon Global Equity Fund to Aegon Sustainable Equity Fund. The investment policy was also updated to reflect the sustainable strategy overlay.

Practical information

Aegon Asset Management UK ICVC is a UK UCITS scheme structured as an umbrella company with various sub-funds, with segregated liability between sub-funds. This document describes one sub-fund of the UK UCITS; the Prospectus and the Report and Accounts are prepared for the entire UK UCITS.

You can exchange your holdings into another share class of the Fund, or another sub-fund of the UK UCITS, at any time. More detailed information on exchanging can be found in the 'Buying, Redeeming, Switching and Conversion of Shares' section of the Prospectus.

The assets and liabilities of the Fund are segregated by law. Accordingly, the assets of this Fund belong exclusively to it and may not be used to meet the liabilities of, or claims against, any other fund within the Aegon Asset Management UK ICVC. Any liability incurred on behalf of, or attributable to, the Fund shall be discharged solely out of the assets of the Fund.

The depositary is Citibank UK Ltd.

The prices of shares will be published daily on our website (www.aegonam.com).

Further information about the Fund and copies of the Prospectus and the latest Annual and Semi-Annual Report and Accounts can be obtained, free of charge, on our website (www.aegonam.com). These documents are available in English.

You should be aware that tax legislation in the UK (where the Fund is authorised) may have an impact on your personal tax position.

Aegon Asset Management UK plc may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus.

Details of the up to date remuneration policy of Aegon Asset Management UK plc ("the Company"), including but not limited to a description of how remuneration and benefits are calculated and the identity of persons responsible for awarding the remuneration and benefits, are available at www.aegonam.com. A paper copy will be available free of charge upon request at the registered office of the Company.
