This chart shows the fund's performance as the percentage loss or gain per year over the last 10 year(s) against its benchmark. It can help you to assess how the fund has been managed in the past and compare it to its benchmark. Where past performance is not shown there is insufficient data to provide a useful indication of past performance.

- **Past performance is not a reliable indicator of future performance. Markets could develop very differently in the future. It can help you to assess how the fund has been managed in the past.**
- Has been calculated in EUR.
- Includes ongoing charges and the reinvestment of income. It excludes entry and exit fees.
- Shares in the Fund were first issued in 2011.
- This share class was launched in 2011.
- *Performance was achieved under circumstances that no longer apply. The benchmark index tracked by the Fund changed with effect from 13 May 2020. Past performance data for each year to 2019 shown in the past performance chart therefore relates to performance of the Fund when tracking the old benchmark index, i.e. the FTSE Developed Index and the performance of that index is also included in the bar chart next to the bar chart showing the performance of the Fund for that period. Past performance data from 2020 onwards will relate to the Index.
